

Chapter Donation benefits “Deafinitely Dogs”

On 21 Aug 2018, the Chapter participated in a News Release, showcasing its \$1000 donation to Healing on the Fly (HOTF). The HOTF organization provides a multitude of opportunities and a continuous schedule of events and offerings that are so critical to veterans reconnecting with the civilian world and especially those suffering from PTSD. This network of support is available to all of the veterans in the greater Quad Cities and provides a 'one stop shop' for volunteers, for non-profits and most importantly for veterans! HOTF, in turn, donated that amount to “Deafinitely Dogs”. “Deafinitely Dogs” provides service dogs that are trained to help both veteran and non-veteran people diagnosed with PTSD, as well as other conditions where these dogs can be specially trained to assist.
