

NDIA Midwest Regional Conference Series June 22, 2021

Keynote **MG Richard "Ross" Coffman**

Director, Next Generation Combat Vehicle - Cross Functional Team (CFT)

The Army is engaged in the largest modernization effort of armored vehicles in 40 years. The Next Generation Combat Vehicles Cross Functional Team is driving the effort and actively seeking new ideas, from industry, academia and beyond, on how to drive new technologies into our future vehicles. MG Coffman will provide an overview on their lines of efforts and the way forward for combat vehicles.
